2010 / 2011 NSS & ESD Programmes

Last year, 638 students from 30 schools participated in the programmes, the programmes included Mental, Behavioral Health & SD, Innovative Tourism & SD and Built Environment & SD. This year, more programmes are developed.

The Programme Objectives aims to:

- ✓ To enhance students' understanding of themselves, society, the physical environment and sustainable development.
- ✓ To give students an opportunity to engage in self-directed group learning in order to strengthen their personal learning skills, key competencies and leadership potential.
- ✓ To partially satisfy the Other Learning Experience (OLE) requirements under the NSS curriculum.
- ✓ To nurture students into critical thinkers through an independent enquiry study (IES) and to develop life-long learning skills.
